Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

* Upon studying claims 2-3, 5-6, 8-9, and 11-13, the examiner has decided that these claims should be also allowed and restricting them as indicated in restriction requirement dated 04/19/05 is not necessary.

The following is an examiner's statement of reasons for allowance:

- The primary reasons for allowance for claims 3, 6, 9, 12-13 is the inclusion of the limitations of an inkjet printing method comprising data processing step such that (a) in a case where the first mode has been selected, data processing is executed in such a manner that an area expressing maximum density with regard to a prescribed color will be printed using ink droplets of a first volume rather than ink droplets of a second volume, and (b) in a case where the second mode has been selected, data processing is executed in such a manner that the area expressing maximum density will be printed using both the ink droplets of the first volume and the second volume. It is these limitations, either alone or combined, that have not been taught, found, or suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lamson D. Nguyen whose telephone number is 571-272-2259. The examiner can normally be reached on 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dave Talbott can be reached on 571-272-1934. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
